Notes

This document provides graphics for the correct wiring of a Scape® Tangible with a Silent PC for operation with Windows Touch or Scape X® Touch and object recognition.

This manual is applicable for the following devices:

- Silent-PC 5060 (pcsi-015)

**The unit must not be disconnected from the power supply during operation.
Be sure to shut down the operating system before disconnecting the power supply.
Otherwise, you risk errors on the data carriers, data loss or failure of the unit.**
